## JOHN SHERMAN DEAD.

He Passes Away at His Residence  
at the National Capital.

### LONG USEFUL CAREER

Served in the Congress of the United  
States for Forty Years and  
Was a Power in His Day.  
Interment at Mansfield.

Washington, Oct. 22.—Hon. John Sherman, who for a period of 40 years occupied a prominent place in the legislative and administrative branches of public affairs in the United States, died here at 6:45 o'clock this morning of brain exhaustion. Death came to the aged sufferer peacefully after almost 86 hours of nearly complete unconsciousness. During the last 15 hours of this life he was at all times unconscious and passed away in that condition. A number of relatives and friends who had assembled in Washington in response to summons were at his bedside when the end came. The most devoted of them was Mrs. McCallum, the adopted daughter of Mr. and Mrs. Sherman, who remained constantly at the bedside during the last hours.

Funeral services over the remains will be held in this city and Mansfield, the Ohio home, where Secretary and Mrs. Sherman spent so many of their summers. Interment will be made in the family lot at that place on Thursday.

JOHN SHERMAN.

the remains lying in state in the Episcopal church at Mansfield for about a day preceding the funeral services. Brief services will also be held here tomorrow, when the body will be taken to Mansfield on the train leaving this city at 8 o'clock at night.

Since Saturday afternoon Mr. Sherman has been most of the time unconscious, rallying partially at intervals when slight nourishment was given him. Sunday afternoon evidences of the approaching end were manifest and he failed to regain consciousness after 3 o'clock, passing away peacefully just after dawn broke this morning. Late Sunday night he rallied somewhat from his stupor and turned himself over in bed, but after that gradually sank until the end came.

During the day and evening a number of inquiries were made at the house concerning the sick man, President McKinley being among those who asked about him.

Among the relatives at the bedside when the end came were Mr. and Mrs. Colgate Hoyt of New York, Mr. and Mrs. Wiborg of Cincinnati, Mrs. Ellis of New York, Tecumseh Sherman, son of the late Gen. Sherman, Charles Sherman of Chicago and Miss Lizzie Sherman. General and Mrs. Miles, the latter a niece of ex-Secretary Sherman, were at the house a greater portion of the day and evening, but left for home shortly after midnight. They were summoned when the apparent end was near and reached the house a few minutes after the venerable statesman had passed away.

Ex-Secretary Sherman's death occurred at his handsome home on K street, which he erected 8 years ago. Some weeks ago he deeded this valuable piece of property to Mrs. McCallum, his adopted daughter. He was a large holder of real estate in this city, having invested extensively in that line from time to time during his residence here. Conservative estimates of his wealth place it at a round million dollars, most of which consists of Washington real estate. Other investments consist of securities and it is stated that the old family home at Mansfield, O., remained in his possession, notwithstanding the reports that he disposed of it prior to his return to Washington last month.

John Sherman was a power in congress during his time. When a congressman he became famed for his far sightedness and personally investigated every bill he was not familiar with and would advocate or oppose it with his

full power as he deemed proper regardless as to what party presented it.

In the senate he pursued the same policy, and while he was one of the strongest Republicans in that body, helped to get many a Democratic measure through that would have failed without his aid.

He severed his connection with the senate to accept the position of secretary of state under President McKinley, but for some reason resigned after one year to private life.

### KEEPING NEW YORK HOT.

Greatest Political Meetings Known Are  
Planned for This Week.

New York, Oct. 22.—It is planned to make the reception by League Democratic clubs for W. J. Bryan at Madison Square Garden next Saturday night one of the most spectacular political gatherings ever held. The general public will be admitted to the entire main floor. Five bands will play in the garden. Fifteen thousand electric lights will be used to illuminate the garden and Madison Square park. The speakers will be Anson Phelps Stokes, ex-Senator Hill, W. Bourke Cockran, W. J. Bryan and Senator Wellington.

The Republican mass meeting in honor of Governor Roosevelt in Madison Square garden next Friday promises to be picturesque. There will be a series of parades from almost every quarter of the city converging on Madison Square. They will be divided into 18 groups. With one group there will be 500 Columbia college students marching in a body, in another district there has been organized a club of 1000 first voters known as "Red Tops." They will wear red hats. Charles S. Fairchild, secretary of the treasury under Cleveland, will be one of the speakers.

Bryan in West Virginia.

Huntington, W. Va., Oct. 22.—W. J. Bryan joined his private car at an early this morning. He reached the small station of Kenova at 12 o'clock Sunday night and it was there he found the Rambler waiting for him. Appreciating that Mr. Bryan would find it impossible to cover the short distance between Huntington and Kenova without engaging special conveyance, Colonel McGraw sent Mr. Bryan's own car to meet him at that point with a special engine. When he arrived at Kenova all he had to do was to step from one sleeper to another. As a consequence he lost but very little sleep and the West Virginia party found him thoroughly well rested and quite prepared for the day's work.

Mr. Bryan was entertained here at breakfast by Judge Harvey.

### Roosevelt Touring New York.

New York, Oct. 22.—With the intention of traveling 2146 miles, almost all of it within the confines of New York state and outside of the great city's limits, and with the purpose of delivering three speeches, ranging from seven minutes to two hours' duration, Gov. Roosevelt left Weekawken by special train on the West Shore railroad early this morning. Monday, Nov. 5, the day before the election, will find him making a tour of Long Island and finishing his flying canvass of the state.

### DEPENDS ON ELECTION.

Mrs. Bryan or Mrs. Roosevelt Will Be  
Selected as President.

Washington, Oct. 22.—Which ever way the presidential election goes will decide who is to be the next president of the Daughters of the Revolution.

It has been decided by many of the leading members to ask either Mrs. Bryan or Mrs. Roosevelt to fill this position. Neither at present is a member of the organization but both are eligible, and one of the board of managers states that within the last week, papers have been made out for the admission of both to the ranks of the Daughters. If McKinley and Roosevelt are elected then the choice will fall upon Mrs. Roosevelt and if the Democrats win, the honor will be conferred upon Mrs. Bryan. The election will not take place until next February. If either Mrs. Roosevelt or Mrs. Bryan should fail of election, then Mrs. Donald McLean of New York comes for third choice.

### Whole Spanish Cabinet Resigns.

Madrid, Oct. 22.—Senor Silvela, the premier, had an audience with the queen regent Sunday and formally announced the resignation of the entire cabinet together with the resignation of high officials, as a protest against the appointment of General Weyler as captain general of Madrid. The queen regent has intrusted Senor Ascaraga, the newly appointed president of the senate, to form a new cabinet.

### Weyler Assumes His Duties.

Madrid, Oct. 22.—General Azcaraga is continuing his efforts to form a new cabinet. In spite of the ministerial crisis, of which he is the cause, General Weyler has taken up the duties of captain general of Madrid. He is accused of antiparliamentary intentions and his appointment, which was made by Minister of War General Linares unknown to the other ministers, is regarded by them as tantamount to the abdication of power by Senor Silvela, who thus "throws himself into the arms of militarism."

### Sherman's Death in London.

London, Oct. 22.—The news of the death of ex-Secretary Sherman reached here too late for comment in most of the afternoon papers. The Pall Mall Gazette thinks "while the result of his secretaryship in President McKinley's administration showed Mr. Sherman had outlived his usefulness, the services to his country for the preceding 40 years were great and will be remembered with gratitude."

### Bartholdi Statue Needs Repair.

New York, Oct. 22.—The Bartholdi statue of liberty on Bedloe's island is in a deplorable condition and an expenditure of from \$75,000 to \$100,000 will be required to put it in proper repairs. If these repairs are not made soon, a much larger sum will be needed to keep it from falling into ruin.

SUBSCRIPTION PRICE:  
Per Week, 10c. - Per Month, 40c.

TUESDAY, OCT. 23 1900

The only thing which has checked Roosevelt during his campaign tour was an impending head-end collision the other day. Emergency brakes stopped Roosevelt's train within thirty feet of the other one.

#### For Sheriff.

Elsewhere in the Eagle this morning will be found the announcement of Mr. Will A. Millican of Brazos county at the ensuing election in November. Mr. Millican was raised in Brazos county and is well known and has many friends throughout the county. He is a good man and a substantial citizen, and if elected would discharge the duties of the office of sheriff efficiently, fearlessly and impartially. The Eagle takes pleasure in calling attention to his candidacy.

### URSULINE CONVENT

IS ASSURED—THE CONTRACT SIGNED, AND WORK TO BEGIN BY DECEMBER 1.

### THE SCHOOL TO OPEN

September 1, 1901—Text of the Contract—List of Donations to This Date.

Bryan has secured another splendid educational institution. The matter of the Ursuline academy here was definitely settled yesterday afternoon. The contract appearing below was signed by Mother Superior Mary Joseph and a committee representing the citizens of Bryan. A meeting was held at the office of Doremus & Butler and the contract prepared, and later a committee called upon the Mother Superior at the residence of Mr. Jno. Daly and the instrument was duly signed.

The Mother Superior and Madame St. Bernard arrived in the city yesterday morning and were driven about the suburbs to look for an available site. They expressed a preference for fifty acres of land east of town including the hill covered by a grove, and the committee has agreed upon terms for the purchase of the property with Major W. R. Cavitt.

Upon this commanding eminence will be erected a magnificent three story brick edifice for the education of young ladies—a building of which the people of Bryan may feel justly proud and an institution which will add greatly to the fame of Bryan as an educational center.

The list of donations includes all whose names have been secured to date, but the committee has assurances of further subscriptions from others, and it is desired to make the donation as liberal as possible.

The Catholic community of Brazos county has contracted to contribute an annuity of \$500 per year for ten years to the support of the institution.

#### CONTRACT.

State of Texas, County of Brazos.

KNOW ALL MEN BY THESE PRESENTS, That in order to have the Ursuline academy, for the education of girls, established and located at Bryan, Texas, the undersigned committee, acting for themselves, and on behalf of other citizen subscribers, agree and obligate to purchase and have deeded to the directory of said Ursuline academy, its successors and assigns, fifty (50) acres of land in the suburbs of the city of Bryan, Texas, and to further donate for said purpose the sum of one thousand dollars (\$1,000), or as much more as the citizens may raise, in cash; and in consideration of the donation on the part of the citizens of Bryan, Texas, of said fifty (50) acres of land, and the sum of one thousand (\$1,000) paid, all of which is accepted, the undersigned, Mother Mary Joseph, Superior, for herself and acting for the Ursuline Community of Sisters, agree and bind themselves to the undersigned committee, acting for themselves and other citizen subscribers, to erect and build on said fifty acres of land the Ursuline academy.

The building to be erected to be according to the plans and specifications of the Ursuline academy erected at San Antonio, Texas, on Prospect Hill, with such changes in said plans and specifications as may be deemed necessary without, however, depreciating the cost of the building now in the possession of the citizens committee of Bryan, Texas, for reference. And it is further agreed by

the said Mother Mary Joseph that work shall begin on or before the 1st day of December, 1900, on said academy building, and that the same will be completed, furnished, equipped and open, and educational work begun on or before September 1, 1901; and should the said Mother Mary Joseph, Superior, acting for the Sisters of the Ursuline Community, fail to build and erect said academy, then said land to be re-deeded and such bonus as is subscribed by the citizens of Bryan, Texas, to be refunded.

And it is further a part of this contract, that no liability shall be created by same against any citizen of Bryan, Texas, or any member of this committee, but the amount subscribed by any citizen shall be regarded as a donation.

Mother Mary Joseph, Supr., Ursuline Convent, Galveston.

#### KILLED BY A STORM.

Six Negroes Killed and Three Missing in East Texas.

Atlanta, Tex., Oct. 22.—A tornado struck about half a mile west of Lodi, 15 miles west of here, Sunday morning. The path of the tornado was about 200 yards wide and it swept everything before it. One house in the center of its path, occupied by negroes, was destroyed, six people being killed outright. Three others are missing, who are supposed to be dead.

This tornado traveled from the southwest to the northeast, crossing the Texas and Pacific railroad at Campbell's Spur, a lumber loading station, about two miles north of Lodi. The lumber was carried away in all directions.

It is feared greater loss of life has resulted further out in the country.

Only a Short Time Left in the Census Contest.

The Press Publishing Association have notified us that while there is still time to estimate on the Census yet, they propose to enforce the condition that all estimates must be in their possession at least 30 days before the official announcement is made from Washington, which may be very soon. It may be four weeks, it may be only two. This is to prevent any fraud or any one from receiving any undue advantage. Do not delay or it may be too late. Remember it costs you nothing to make an estimate, as you get full value for the \$1.00 on subscription account. You stand as good a show as any one of winning one of the one thousand cash prizes that are offered.

Fresh Sauerkraut at John M. Lawrence & Co.

Those in charge of the round bale outfit at the oil mill ginnery were pleased to have a visit from Mr. Shaw, chief constructor in this division for the American cotton company. Mr. Shaw installed the plant here and made friends of all who met him.

The building of the new ice and cold storage plant here by Mr. Sam M. Winter is an assured fact. Mr. H. G. Rhodes has received notice to get estimates on the boring of a 6-inch well 800 to 1,000 feet deep. It is desired to close the contract and begin work on the well as soon as possible. The plant will no doubt be put in operation in time for next season's business.

The Eagle has the New Orleans Times-Democrat and the New Orleans Picayune of Oct. 15 containing lengthy press notices of "Mistakes Will Happen," the splendid three-act comedy which appears at the Grand opera house, Bryan, Wednesday night, Oct. 24. The piece and the company are praised without stint in both papers, and if anything was needed to assure the public of the high class of this play, those criticisms supply it.

### FILIPINOS AND FRIARS.

The Taft Commission Makes an Adverse Report as to the Latter.

Manila, Oct. 22.—The Philippine commission has passed a bill appropriating \$475,000 in gold for the payment of expenses incurred for the benefit of the insular government during October. The bill goes carefully into detail regarding the items of expenditure throughout the archipelago. Judge Taft has been engaged for some time in taking a mass of Filipino testimony concerning the conduct and policy of the Friars, this being in continuation of the investigation which began with the depositions of bishops and members of Monastic orders.

The statements of the Filipinos show that the Friars under the Spanish regime greatly abused their limitless political and religious powers over the community that this abuse of authority often led to immorality. All the testimony offered by the Filipinos show that they do not desire the return of the Friars to the parishes.

Archbishop Chapelle has gone to the more peaceful provinces of northern Luzon, accompanied by three Dominican Friars. It is asserted and generally believed that he intends to reestablish these Friars in certain parishes and the trip is exciting the natives in Manila, who call upon their countrymen to prevent the reestablishment of a Friary organization on the ground that it would fix a dangerous precedent for the future.

### THE INSANE ESCAPE.

Twenty Overpower Keepers and Seven Are Yet at Large.

Poughkeepsie, Oct. 22.—There was a revolt at the Matteawan state hospital for the criminal insane Sunday evening when six or eight keepers were assaulted and overpowered by about 20 insane patients. Some of the patients escaped and seven are still at large. One or two of the keepers are badly bruised.

After the patients had been given their supper they were taken back to their apartments with their keepers. Among the number were 15 or 20 who slept in the large corridors where there were six or eight keepers. There were no suspicious movements on the part of the patients until suddenly and without warning, each keeper was attacked simultaneously by several patients and heavy blows fell on the heads of the surprised attendants. The keys held by the keepers were soon taken from them and they escaped. Thirteen of the number were recaptured.

### Fire at Paducah.

Paducah, Ky., Oct. 22.—The most disastrous fire that has visited Paducah for years, broke out in Morton's opera house Sunday morning. Within half an hour the entire building was completely gutted. The large dry goods store owned by L. Ogilvie & Co., occupying the ground floor of the building, was destroyed, as were many offices. David Van Culin's bookstore was totally destroyed. The entire loss is estimated at \$200,000.

### Serious Fire.

St. Paul, Oct. 22.—As a result of a fire which broke out in the slaughtering pen of A. T. Hinman & Co.'s packing house at the Minnesota transfer, four firemen are dead and a number of others are injured and the property loss amounts to \$450,000.

The McCormick Harvester company was the heaviest loser, its loss footing up \$380,000. This firm carried no insurance.

### Recall of Baron Von Sternberg.

Berlin, Oct. 22.—The statement published in certain German papers that Baron Speck von Sternberg, former German charge d'affaires in Washington, was recalled because "too friendly toward America," is characterized in official circles here as "sheer nonsense." His appointment as German consul general in Calcutta, one of the most desirable positions in the German service, is not only regarded as a promotion but is officially described as a recognition of his excellent services in Washington.

### Paralyzed While in Church.

Lexington, Ky., Oct. 22.—While Rev. F. B. Bartlett, who has been pastor of the First Presbyterian church here for 26 years, was in the midst of prayer at the morning service Sunday, suffered a stroke of paralysis, being rendered dumb and helpless. He was carried from the pulpit to his home. He has since recovered his speech, but his faculties are still affected.

### Burned by Lamp Explosion.

San Antonio, Oct. 22.—As a result of the explosion of a coal oil lamp here Miss Annie Lassire, a 16-year-old girl, will probably lose her life. She was severely burned about about her chest, abdomen and limbs that no hopes held out for her recovery. The explosion occurred while the girl was curling her hair, preparatory to going to early mass.

### Injured Playing Football.

Ashville, N. C., Oct. 22.—W. D. Price of Palestine, Tex., a student at the Bingham school, died Sunday afternoon from injuries sustained in a practice game of football Saturday. His spinal column was broken between his shoulders. The body will be taken home for interment.

### Still Troubled With Dowlities.

Mansfield, O., Oct. 22.—The Dowlieite deacon, Lee, came here from Crestline Sunday morning in a carriage, but was sent away by the police.

### Rosebery Retires from the Turf.

London, Oct. 22.—Next Thursday Lord Rosebery will sell his racing stable. The reason for this step is not publicly known.

## THIS IS TO REMIND YOU

That all groceries are not alike. Some are made from cheap materials by poor machinery, and very little care is given to the work. That's the dangerous kind because it's likely adulterated. That's the kind you would do well to let alone. Others are made from the choicest materials, much care is given to the work, skilled labor is employed, and much money is spent in making them right—that's the kind that gives health, brain and brawn; you will find that kind in the list below:

Graham Flour 5 lb package 25c;  
Cracked Wheat 2 lb package 20c;  
Grains of Gold 5 lb package 25c;  
Farina 1 lb package 10c, 3 for 25c;

Scotch Oats 2 lb package 10c, 3 for 25c;  
Hominy 2 lb package 10c, 3 for 25c;  
Ralston's Breakfast Food 20c package;  
Ralston's Barley Food 15c package;  
Ralston's Pan Cake 15c package;  
Ralston's Purina Health Flour 25c;  
Imported Italian Paste; Macaroni; Vermicelli; Spaghetti; Anderson's Jams per bottle 25c;  
Maple Syrup; Grape Nuts and Postum Cereal; Cane Juice, New Crop Louisiana Molasses; New Evaporated Apples, Nectarines, Pears, Peaches; New Prunes; Fresh Dozier Cakes and Crackers; Grits and Hominy; Lye Hominy in 3 lb cans 15c. These are only some of the good things we have to offer. Come and see for yourselves as to the variety and quality of our stock of groceries.

## THE STRIKE STILL ON

No Settlement Yet in Sight, but Outlook More Hopeful

## MINERS ARE WAITING

President Mitchell Intimates That as Soon as All Operators Post the Advance the Strikers Will Resume Their Work.

Wilkesbarre, Pa., Oct. 22.—The general belief here is that this week will see the wind up of the strikers. The strikers do not admit this openly, but it is the feeling that the lockout cannot be continued much longer. Both sides are expected to make concessions. The operators say they have none to make, but under certain pressure they are expected to make them nevertheless. The politicians have had their say in the negotiations looking toward a settlement and now the sales agents of the big coal companies and the retail dealers in the big cities are taking a hand. They are writing and telegraphing every day to the coal companies that unless something is done very soon to bring the strike to an end and an effort made to get some hard coal on the market at saleable figures, the anthracite trade will be demoralized for years to come.

President Mitchell is expected to take a decided stand today or tomorrow on the issues that stand between the operators and miners of the anthracite districts. It is intimated that President Mitchell will order all to return to work when all owners post notices similar to that of the two leading coal companies.

Republican Electors of Texas.  
Chicago, Oct. 22.—Cecil A. Lyon of Sherman, Tex., chairman of the Republican state executive committee of Texas, who has been in Chicago since Saturday, has received from Chairman Hanna of the Republican national committee authority to name Paul Fricke of Brenham and Wilbur Crawford of Cameron as electors at large on the Republican ticket. Both of these candidates were nominated by the Waco convention controlled by the Hawley faction and the authority now given is to avoid any question of the legality of the nomination.

Asked to Support Bryan.  
Chicago, Oct. 22.—The American Anti-imperialist league has issued an address to "all independent voters in the United States," asking them to support W. J. Bryan for president.

Holding the Cotton Crop.  
Austin, Oct. 22.—Many of the cotton planters in this part of the state are refusing to sell their cotton at present prices and are yarding the staple. Most of them have sold enough to square their accounts with the stores and will not sell the staple until higher prices prevail. They say they are out of debt and have money in the bank, and can afford to wait until the top notch in the way of prices is reached. More cotton will be held in Texas this year than ever before known, unless prices should take a material advance.

Chinese Atrocities.  
Victoria, B. C., Oct. 22.—According to a correspondent of the Shanghai Mercury Bishop Fontostati, in South Honan, was tortured four hours by the Chinese. His body was dismembered piece by piece and he was disemboweled. Two priests were covered with coal oil and placed in stocks, which were then set afire. Others were frightfully tortured. Three thousand converts led by French priests, while defending their churches, were massacred.

Vanderbilt's Silver Jubilee.  
Nashville, Oct. 22.—The first of the series of exercises in commemoration of the twenty-fifth anniversary of the opening of the Vanderbilt university was held at the chapel of the university at 11 o'clock Sunday morning, when Bishop E. R. Hendrix of Kansas City, preached the commemoration sermon. Bishop Hargrove was the principal speaker in the afternoon. The exercises will continue today.

Counterfeiters' Den Raided.  
Green Forest, Ark., Oct. 22.—Secret service officers have arrested seven men on the charge of being counterfeiters. The officers found in a cave four miles from Eureka Springs electric batteries, dies, etc., which they say were used for making spurious nickels, dollars and \$2 gold pieces. Counterfeit money has been passed in and around Eureka Springs for several years.

Mexico Buying Horses.  
Cheyenne, Wyo., Oct. 22.—Senor Manuel Alvarez, an agent of the Mexican government, came here about two weeks ago, and since that time has purchased and shipped several carloads of saddle horses to the City of Mexico. From words dropped now and then by Senor Alvarez, the Mexican government is preparing for war, either a rebellion or a war of conquest.

Killed Protecting a Woman.  
Chicago, Oct. 22.—Thomas J. Griffin, a clerk employed by N. K. Fairbanks & Co., was shot and instantly killed here while trying to protect Miss Fay Gilbert from the attack of a strange man. The man escaped.

Henderson's Warlike View.  
Washington, Oct. 22.—Speaker Henderson says Great Britain and Germany are in a conspiracy against Russia like the one that brought on the Crimean war.

## LOOKING INTO DETAILS.

Anglo-German Agreement Will Have a Searching Investigation.

Washington, Oct. 22.—Before the United States gives its adherence to the Anglo-German agreement the administration authorities propose to learn its exact meaning. The belief is not concealed that the agreement is the most significant of recent developments in regard to China.

While the administration is highly gratified with the first two articles of the convention reiterating as they do declarations which have been the key note of Secretary Hay's policy from the outset of the trouble, the third article is regarded with suspicion which is the more intense because of Germany's previous aggressive policy and the action of Great Britain in landing troops at Shanghai.

This article specifically declares that the two contracting parties reserve to themselves the right to come to a preliminary understanding the eventual step to be taken for the protection of their own interests in China.

Before the president will give assent to any of the provisions of the instrument he will ascertain the purport and scope of the third article. Prior to the publication of this agreement the belief existed in diplomatic circles that an understanding regarding China existed between Russia and Germany. This is now dispelled. It is plain that the one power Germany and Great Britain had in view in making the agreement was Russia. In diplomatic circles it is thought not unlikely that Russia will adhere to the agreement and she will in all likelihood live up to it strictly, in order not to give either Germany or Great Britain a pretext for breaking it. The United States can of course be depended upon not to make any move to obtain territory, and Japan has repeatedly asserted that she would not seek Chinese territory unless nations go so. Italy and Austria, bowing to the will of Germany, will give early adherence to the agreement.

Notwithstanding the doubts about the real attitude of Germany and Great Britain it is believed here that the course of the United States will have an important bearing upon the fate of China. As the attitude of American government is identical with that of the czar the United States and Russia together will exert a powerful influence in preserving the territorial integrity of China. There continues to be considerable comment in favor of arbitration of the entire Chinese question. In Chinese diplomatic circles in particular the suggestion is looked upon as presenting the most satisfactory method of effecting a solution yet advanced.

It is believed that in the negotiations to begin this week in Peking there will be sharp differences of opinion, some irreconcilable, and should these seem irreconcilable the administration will strongly favor arbitration. But among some diplomats the question is asked, would it not be better to avoid the loss of time involved in negotiations which will probably be fruitless, by referring the whole matter to arbitration, which must give the results the whole world will be bound to accept.

AS SEEN IN LONDON.  
The Alliance Was Made Because Others Were Known to Exist.

London, Oct. 22.—There is much discussion of the Anglo-German agreement, but there are few fresh details. While Russia and France were acting with the other powers, it was known that they were in alliance with each other under secret conditions and would support each other. It is now equally clear that Germany and England while anxious to cooperate with the other powers, are also in alliance with each other for definite ends.

"Magnificent isolation," was a phrase which appealed strongly to British pride. The new dual alliance is well received by the press because the principles upon which it is based are warmly approved and because also the obligations and liabilities imposed by the third article are vaguely understood. But there is an instinctive recoil among Englishmen against permanent coalitions with continental powers, useful and honorable as this may be in the present emergency, the moral support of the principles of this alliance from the state department is expected with confidence, but the American government's freedom of action and independence of all entangling alliances will be respected certainly in England, possibly even envied.

Foreign opinion on the agreement is, so far as is known, favorable on the whole. It is difficult to gauge the exact view of the Russian foreign office, and no word has yet come from Japan, but it is abundantly clear that Austria approves of the new dual alliance.

Pleased With the Agreement.  
Berlin, Oct. 22.—The German Association at Shanghai telegraphed to Count von Buelow, the imperial chancellor, warm satisfaction with the Anglo-German agreement.

French Guard a Railroad.  
Paris, Oct. 22.—General Voyron, commander of the French troops in China, telegraphs from Taku under date of Oct. 20, that the French troops occupy the railroad, and railroad depot at Pac Ting Fu and are reconnoitering north and south as far as the terminus and that the railroad is being repaired and columns from Peking and Tien Tsin should shortly arrive.
